

WG15 Benchmarking innovative capacity in rural and indigenous communities in changing times

Organizers

Mark Johnston, Maureen Reed, Gun Lidestav, and Johan Svensson

WG15_1: Model Forest and Biosphere Reserves as concepts

May 23, 13:50–15:30 Room 4

The International Model Forest Network Circumboreal Initiative for Enhanced Rural Community Sustainability

Brian Bonnell, brian.bonnell@canada.ca
Natural Resources Canada, Canadian Forest Service

Johan Svensson, johan.svensson@slu.se
Swedish University of Agricultural Sciences, Sweden

Mark Johnston, Mark.Johnston@src.sk.ca
Saskatchewan Research Council, Canada

UNESCO Biosphere Reserves in Nordic cooperation: Fostering Nordic sense of belonging

Jean-Philip Messier, jpmessier@rmbmu.com
NordMAB, Canada

Green infrastructures in rural landscapes: from the experience of Bergslagen Model Forest

Marine Elbakidze, marine.elbakidze@slu.se
Per Angelstam, per.angelstam@slu.se
Mersha Gebrehiwot, mersha.gebrehiwot@slu.se
Nataly Stryamets, nataly.stryamets@slu.se
Swedish University of Agricultural Sciences, Sweden

Is spatial planning a collaborative learning process? A case study from the Bergslagen Model Forest in Sweden

Marine Elbakidze, marine.elbakidze@slu.se
Swedish University of Agricultural Sciences, Sweden

Lucas Dawson, lucas.dawson@natgeo.su.se
Stockholm University, Sweden

Per Angelstam, per.angelstam@slu.se
Swedish University of Agricultural Sciences, Sweden

Sara Teitelbaum, sara.teitelbaum@umontreal.ca
University of Montreal, Canada

Lac-Saint-Jean Model Forest: A case study in integrated resources management and diversification

Serge Harvey, serge.harvey@fmlsj.ca
Forêt Modèle du Lac-Saint-Jean/Lac-Saint-Jean Model Forest, Canada

Innovation in Canadian Biosphere Reserves: Learning across a national network

Maureen Reed, Maureen.Reed@usask.ca
University of Saskatchewan, Canada

Jean-Philip Messier, jpmessier@rmbmu.com
Canadian Biosphere Reserves Association and Manicouagan-Uapishka Biosphere Reserve

Innovations for including indigenous peoples in implementing sustainable forest management:

Learning from the experiences of Prince Albert Model Forest

Mark Johnston, Mark.Johnston@src.sk.ca
Saskatchewan Research Council, Canada

Maureen Reed, Maureen.Reed@usask.ca
University of Saskatchewan, Canada

Alfred Gamble, algamble@hotmail.com
Beardy's and Okemasis First Nation, Canada

Local sustainability issues growing global – implementing the Model Forest concept in the Baltic Sea Region

Gun Lidestav, gun.lidestav@slu.se
Johan Svensson, johan.svensson@slu.se
Marcus Hedblom, Marcus.Hedblom@slu.se
Swedish University of Agricultural Sciences, Sweden
Przemyslaw Majewski, majewski.przemek@gmail.com
Grimstorp, Sweden

WG15_2: Natural resources, rural societies and landscape management

May 23, 15:40–17:00 Room 4

Nature and cultural heritage as infrastructures for rural development: use, planning and governance of amenity values in Swedish and Canadian forest landscapes

Per Angelstam, per.angelstam@slu.se
Swedish University of Agricultural Sciences, Sweden

Guy Chiasson, guy.chiasson@uqo.ca
Université du Québec en Outaouais, Canada

Marine Elbakidze, marine.elbakidze@slu.se
Simon Paulin, simon_paulin@hotmail.com
Swedish University of Agricultural Sciences, Sweden

Sara Teitelbaum, sara.teitelbaum@umontreal.ca
University of Montreal, Canada

Application of the ecosystem services concept to indigenous Sami land use – Added cultural and natural values in the Scandinavian mountain region

Stefan Sandström, stefan.sandstrom@slu.se
Per Sandström, per.sandstrom@slu.se
Johan Svensson, johan.svensson@slu.se
Marcus Hedblom, Marcus.Hedblom@slu.se
Henrik Hedenås, henrik.hedenas@slu.se
Grzegorz Mikusinski, grzegorz.mikusinski@slu.se
Malgorzata Blicharska, malgorzata.blicharska@geo.uu.se
Sven Adler, sven.adler@slu.se
Swedish University of Agricultural Sciences, Sweden

Eja Pedersen, eja.pedersen@arkitektur.lth.se
Lund University, Sweden

David Wardle, david.wardle@slu.se
Swedish University of Agricultural Sciences, Sweden

A co-produced participatory GIS towards wiser uses of landscapes

Per Sandström, per.sandstrom@slu.se
Stefan Sandström, stefan.sandstrom@slu.se
Johan Svensson, johan.svensson@slu.se
Gun Lidestav, gun.lidestav@slu.se
Swedish University of Agricultural Sciences, Sweden
Leif Jougda, leif.jougda@skogsstyrelsen.se
Swedish Forest Agency, Sweden

Constructing subjectivity and consuming forestry: securing resources and relations of Swedish forests in the bioeconomic era

Elias Andersson, elias.andersson@slu.se
Carina Keskitalo, carina.keskitalo@umu.se
Kerstin Westin, kerstin.westin@umu.se
Umeå University, Sweden

Can the social values of forests generate "new" goods and services that benefit private forest owners in a rural context?

Therese Bjärstig, therese.bjarstig@umu.se
Umeå University, Sweden

Assessing resilience in small forest-dependent communities: Lessons from Canada's boreal region

Sara Teitelbaum, sara.teitelbaum@umontreal.ca
University of Montreal, Canada

Initiative of the «social forests» establishment in the Komi Republic (Russia) to support the traditional nature use of Komi people

Yuri Pautov, YPautov@komimodelforest.ru
Komi regional NGO Silver Taiga Foundation, Russia
Valentina Semyashkina, VSemyashkina@komimodelforest.ru
Silver Taiga Foundation, Russia
